RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In the August 8, 2005 Office Action, claims 1-11 are rejected. In view of the following comments, reconsideration and allowance are requested.

Rejection of Claims 1-5

Claims 1-5 are rejected under 35 U.S.C. § 103(a) as being obvious over the alleged admitted prior art in the specification in view of U.S. Patent No. 6,004,052 to Muranaka and U.S. Patent No. 5,420,621 to Richtsmeier et al.

The alleged admitted prior art in the specification is cited for disclosing a conventional printer having a heated roller downstream of the printer. Richtsmeier et al. is cited for disclosing a star wheel in connection with a discharge roller. Muranaka is cited for disclosing a heated roller upstream of the print head to remove moisture from the paper. The rejection is based on the position that it would be obvious to modify the prior devices to include a heated discharge
